CC Docket 98-617
ex parte comments

Ms. Randolph,

The RID Board of Directors and the National Council on Interpreting were at the RID office over the weekend. The board member that had told me that several states required legal certification was unable to produce confirmation of same, so RID will need to retract that remark. Do we need to do it formally through the "ex parte" protocol, or is this notification adequate?

Thanks for your patience.

Clay Nettles, RID
